## RESTORATION OF A WARRIOR

This past weekend was our first Boot Camp! God showed up and impacted the lives of 27 men and this is just one of many amazing God stories from the weekend!

Within two days of exactly 8 years ago this past Saturday Randy had a surgery that went terribly wrong. Overwhelming pain led to pain pills - oxycodone and the like - the BIG boys! Of course addiction battles followed and finally through perseverance and battle he broke free from the addiction. Which left him right back where he started - in constant and chronic pain.

Randy had such a life transformational experience after attending a Wild at Heart boot camp held by our brothers in Maryland last October that he and others determined to share that experience. Last weekend they lead the charge up the mountain for 27 men ages 22 to 60. All weekend long Randy and the others poured themselves out and like Randy said, "for some of the men it was the first session, others made it all the way to the last session, but God got them all in the end." Randy had not anticipated being part of the Boot Camp from a participants level but as Randy was pouring himself out on Saturday he very clearly heard God say to him, "GO WRITE!" So Randy did.

Shortly after this, during a break in the camp a few of his friends asked him to go on a mountain climb - to 10,000 feet elevation where at the summit there were three HUGE crosses that someone had formed out of fallen trees. Randy experiences pain just walking to the mailbox and when its cold the pain is much worse, so he made excuses but finally agreed to go. Then he tried to stall and make excuses to escape but his friends kept waiting so he finally went. It wasn't long before he fell behind, having to stop often to rest and to try somehow to manage the pain. At one point he realized that he was in a spiritual battle - the enemy did not want him to reach the top. He prayed and walked, pleaded and walked, one step in front of the other, seeing it as a warring against the enemy. Finally after 3 hours plus later and .9 miles busting through 2+ feet of snow he reached the summit, his friends were blown away.

They sat at the foot of the cross and suddenly in an instant Randy realized the pain was gone. Eight years of strength sapping pain - **GONE!** He was afraid to believe it was for real. Today almost a week later it is still gone! On Monday afternoon Randy was unpacking his stuff from the weekend and found his journal.

He opened it up and was reading what he had written. He found a letter he had written to God - he has NO recollection of writing this letter - **NONE!** In it, he hands the wound he had been carrying for eight years over to God. All the anger, hatred, and pain by telling God that in whatever way He healed him from the wound - by helping him live with it, by healing him, in whatever way he was going to love and serve Him for the rest of his life anyway! Again Randy has NO recollection of writing this letter, but there it is, in his handwriting. **Surrender!**

What wound are you carrying around? Do you see what I see in this story? Randy going up that mountain to serve, his friends challenging him to go places he never would have gone by himself, surrender, a pilgrimage up the mountain to the cross, steps of obedience, mercy from a loving God at the foot of the cross, and finally a healing miracle for a prayer that Randy had given up praying. Do you see it?

On August 11 -14 we will be offering our next Boot Camp. Our prayer is not to fill the Boot Camp but to bring the hungry and the thirsty! Are you one of them? Ask God now if He wants you to go. Registration information will be out next week!

## How God is moving

The power of this past weekend is amazing, and to get to be a part of it is a blessing!

Some of the wives of the men that attended boot camp were so excited about the change in their husbands, it awakened a craving, a desire deep in their heart, suddenly they wanted what their husbands had; A real encounter with God!

On Monday night one of the women decides to look up the captivating event which is the female version of Wild at Heart, only to find that the lottery had passed, no hope right! Instead of suffering defeat she sent an email to Ransomed Heart asking if they could squeeze in 5 to 8 more women, and wouldn't you know, they said yes!

The truly amazing part of this story for me is that on Tuesday morning a few of us men had a spirit lead discussion about sponsoring a captivating event for the women and inviting Jodi Foss out to share the vision of the Waterlilyz with our women. It wasn't until late that evening that we found out that God was on the move! The women have been accepted and 5 women will be attending, we invited Jodi Foss only to find out that she and another had already been accepted and are going to be there!

Later this week I overheard a conversation between 2 women talking about changing their small group to the format of the ten men tables, I don't think they knew I was listening, but they want what they see happening in the men at the tables to happen to them and their friends! Later one of them asked me if I could share the format of the tables with them and if they could start doing it next week!

All this to say God is moving mightily in our midst! For those who were and are skeptical, look at the fruit. Man cannot plan what is going on!

*Mighty warriors for the Kingdom, The Waterboyz for Jesus!*

## Service project Plan

We are working on putting our first service project together. Currently it looks like it will happen on March 19th. We have identified a single mom who provides foster care to 5 children and each one of them has special needs!

Her home is need of a new roof among other things. We will be assessing the situation on the next week and putting together a game plan. We hope to have all of the information out to you next week!

We ask that you would pray with us on this specifically:

- Gods guidance and permission to perform this

mission

- His provision to complete whatever He would have us do.
- Prepare Denise and her children's hearts for Gods ministry through men being the hands and feet of Jesus!

### The Daily Challenge (6+1 and Beyond)

- The instant you wake up - mentally and verbally dethrone yourself and enthrone Jesus Christ as Lord & Savior.
- To begin your journey - Go to that "special place" in your home where you meet with God each morning
- Open to today's read-

ing

- Read for 3 minutes
- How will you apply what you just read to your life today?
- Now take 2 minutes to Pray in whatever way you do - needs, requests, intercessions
- Now Listen to what God might say to you - 1 minute.

• Hold on for one more minute (no pun intended). Make a commitment to God to give Him one minute today to speak God into someone that He brings into your life (They may already believe; not believe at all; or not know what to believe).

Do this everyday
